4D Live Window

If your data isn't live, neither is your business. Whether it's shipping dates, mapping data, supplier price lists, travel itineraries, or on-demand web sites, live data is everywhere today. More and more, users expect applications to deliver live data, and they want it integrated with their own business data.

4D Live Window allows you to unlock the power of live data from right inside 4D and create integrated applications that open a window to a whole new world of live data. How? 4D Live Window delivers programmable browser functionality to your 4D applications.

Have a customer address? Show a map! Have shipping data? Show the tracking details! Pricing a quote? Show their supplier's price list or even their competitors' price lists! The possibilities are endless.

4D Live Window is part of the 4D Web 2.0 Pack.

Try it today. Your customers will thank you!
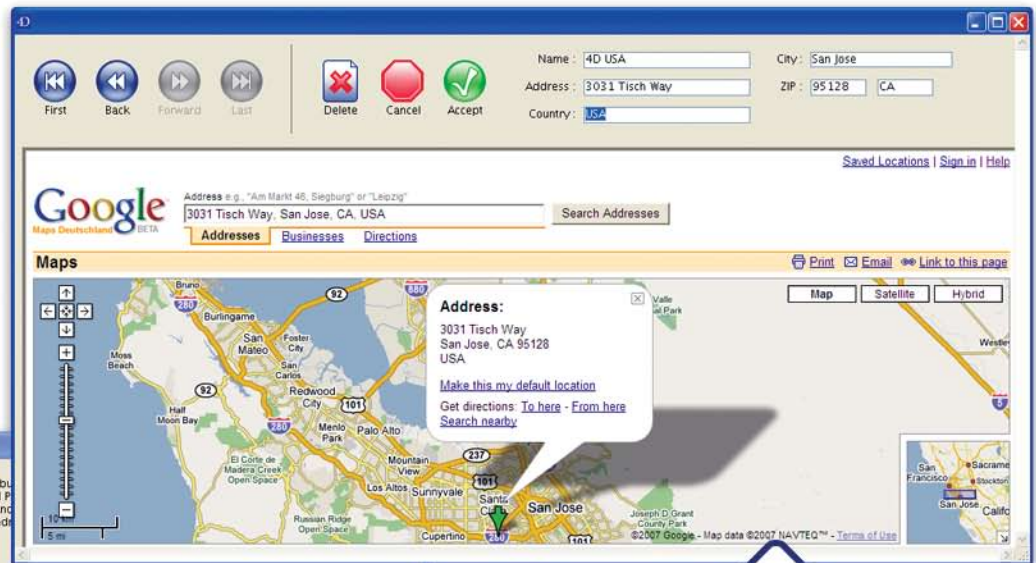

4D Web 2.0 Pack: Data lives here™
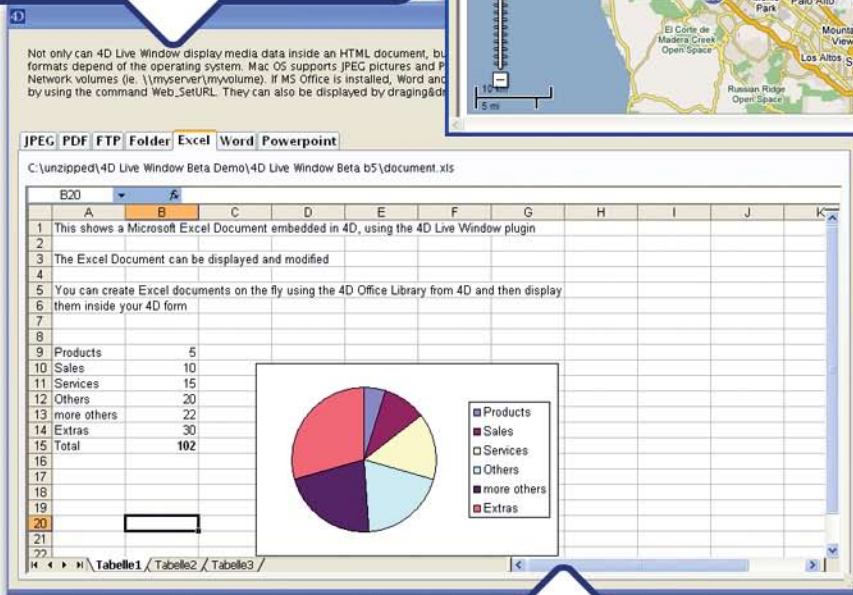

Open the Blinds to a Whole World of Live Data!

More file formats
4D Live Window supports a broad range of text, data, and media files, including Office files, graphics, PDF, Flash, and even QuickTime video, giving you the ability to add a lot more functionality within an application.

Not only can 4D Live Window display media data inside an HTML document, bu... formats depend of the operating system. Mac OS supports JPEG pictures and P... Network volumes (ie. \\myserver\myvolume). If MS Office is installed, Word an... by using the command Web_SetURL. They can also be displayed by draging&d...

JPEG PDF FTP Folder Excel Word Powerpoint

More Reach
4D Live Window acts like a built-in web browser. This lets you reach outside the firewall to automatically include data from external web sources, like mapping the address of a contact, right into your application.

More functionality
Direct display of Microsoft Office files, right from inside 4D, helps you integrate data into documents, reports, and presentations much more easily.
(Windows only)

Hassle-Free Developer Licensing
The 4D Live Window plug-in has hassle-free licensing. Your 4D Web 2.0 Pack payment and subscription includes a free end-user distribution license.

Requirements
- 4th Dimension 2004.5 or greater
- Windows 2000 or XP SP2 with Internet Explorer 6+
- Mac OS X Version 10.4+ (Tiger) with Safari 2+
